INTRODUCTION

Today's boards are no longer evaluated only on compliance and structure.

They are being judged on their ability to anticipate risk, challenge management, protect long-term value and respond decisively in uncertainty.

While IOD's "Masterclass for Directors" programme build foundational understanding, Global Board Fellowship focuses on advanced board judgement, decision-making and leadership in real-world, high-risk and high-impact situations.

This Global Board Fellowship Programme is designed exclusively for the Board Members and emerging leaders aiming to tackle the challenging business scenarios and board-level governance. The curriculum focuses on equipping the participants with real world use cases surrounding evolving role of the board, strategic oversight, ESG (Environmental, Social, and Governance) frameworks, and ethical leadership in a digital-first global economy.

In essence, the Global Board Fellowship moves beyond what a Director should know and focuses on how a Director must think, challenge, decide and lead in today's boardroom.

WHY NOW - GLOBAL BOARD FELLOWSHIP (GBF)

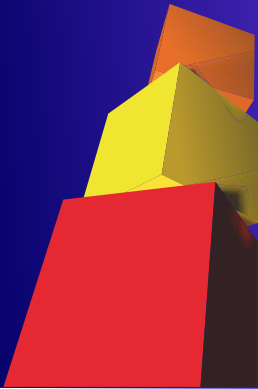

The real gap today is not knowledge of regulations, but board-level judgement, risk oversight and strategic response in uncertain situations.

Further, the risk landscape has changed permanently. Cyber threats, geopolitical disruptions, ESG accountability, supply-chain vulnerabilities and reputation risks now sit squarely within the board's oversight mandate. Directors are increasingly expected to provide strategic stewardship, not merely compliance supervision.

In parallel, even domestically focused companies are exposed to global investors, partners and reporting expectations—making global governance understanding and comparative board practices essential.

ABOUT THE PROGRAMME

The Global Board Fellowship (GBF) is a prestigious, immersive experience that prepares professionals for the complexities of modern boardroom dynamics. The fellowship is a premier leadership accelerator designed for those at the helm of organizational steering. The Global Board Fellowship is essential to equip experienced Directors, MFD Alumni and IOD Fellows with advanced, practice-driven board capabilities—to lead, challenge and decide effectively in an era where regulatory surprises, complex risks and public scrutiny are no longer exceptional, but routine.

Key Learning Pillars:

- Corporate Governance - practical insights for Building effective boards
- Board's Preparedness on Geo-Politics & International Trade Policies
- Compliance framework for Listed Companies - what every Director must know
- Effectively Chairing the Board Committees
- Crisis Management and Effective Leadership
- AI in the Boardroom

ELIGIBILITY CRITERIA & SCREENING PROCESS

Who Should Apply

We seek a diverse cohort of visionaries. This programme is exclusively curated for established leaders and members of our professional community.

MODULE 1	CORPORATE GOVERNANCE - PRACTICAL INSIGHTS FOR BUILDING EFFECTIVE BOARDS
<p>Module Description</p> <p>This module is designed for Directors to deepen their ability to apply corporate governance principles in complex, real-world boardroom situations. The programme focuses on strengthening Board effectiveness through practical insights into Board dynamics, regulatory and fiduciary responsibilities, risk and crisis oversight, stakeholder and ESG considerations, technology and data governance, and performance evaluation of the Board and its committees.</p> <p>Learning Outcome</p> <p>Participants will enhance their capability to exercise independent judgement, provide strategic oversight and build high-impact, future-ready Boards that create sustainable long-term value for all stakeholders.</p>	<p>Key Topics Covered</p> <ul style="list-style-type: none"> • Board dynamics and interpersonal governance • Regulatory and fiduciary responsibilities of directors • Risk and crisis oversight at the board level • Stakeholder management and ESG integration • Technology and data governance frameworks • Board and committee performance evaluation

MODULE 2

BOARD'S PREPAREDNESS ON GEO-POLITICS & INTERNATIONAL TRADE POLICIES

Module Description

Geopolitics plays a very important role in business decision making. In these times where any event happening in one part of the world impacts businesses and individuals in another part of the world, business decision-makers need to pay more attention to geopolitical happenings.

Learning Outcome

This module is designed to provide a more profound perception of contemporary international relations, to develop the ability to build geopolitical scenarios, augment critical thinking to evaluate media coverage on international relations, and integrate it in strategic decision-making.

Key Topics Covered

- Contemporary geopolitical landscape - key fault lines and flashpoints
- Impact of international trade policies on Indian businesses
- Geopolitical scenario building for boards
- India's strategic positioning - bilateral and multilateral frameworks
- Supply chain resilience in a fragmented world order
- Integrating geopolitical risk into board-level strategy

MODULE 3

COMPLIANCE FRAMEWORK FOR LISTED COMPANIES - WHAT EVERY DIRECTOR MUST KNOW

Module Description

This session aims to equip aspiring and current directors with a clear and practical understanding of the compliance ecosystem governing listed companies, enabling them to discharge their fiduciary and statutory duties effectively, mitigate regulatory risks, and uphold strong standards of governance, transparency, and accountability.

Learning Outcome

Participants will learn what compliances apply, when they apply, who is responsible, and how the Board is expected to exercise oversight — thereby enabling them to ask the right questions and prevent compliance failures.

Key Topics Covered

- SEBI LODR Regulations - listed company obligations
- Companies Act 2013 - director duties and liabilities
- BRSR and ESG disclosure requirements
- Related party transactions - board oversight framework
- Insider trading regulations and UPSI obligations
- Practical compliance calendar for boards and committees

MODULE 4

EFFECTIVELY CHAIRING THE BOARD COMMITTEES

Module Description

Today, Boards are under intense scrutiny from shareholders, regulators, the media, company employees, and other stakeholders. Given the wide range of the Board's responsibilities and the diverse nature of skills required, the Board delegates certain responsibilities to specialist Committees. The Companies Act 2013 prescribes four such mandatory Committees.

Learning Outcome

This module focuses on the broad role, duties and powers of these committees, how to effectively chair the committees with sharper focus on the Audit Committee.

Key Topics Covered

- Mandatory committees - Audit, NRC, SRC, and Risk Management
- Role, powers and terms of reference for each committee
- Chairing techniques - agenda setting, managing dissent, minute writing
- Deep dive: Audit Committee - financial oversight and auditor relations
- Independent director dynamics within committee structures
- Case studies: Committee failures and best-in class practices

MODULE 5

CRISIS MANAGEMENT AND EFFECTIVE LEADERSHIP

Module Description

This module equips Directors with practical frameworks and board-level leadership skills to anticipate, navigate and manage organisational crises, ensuring timely decision-making, clear stakeholder communication and strong executive oversight while sustaining trust, resilience and business continuity during periods of uncertainty.

Learning Outcome

Directors will leave with a crisis response playbook, communication frameworks, and the leadership skills to steer their organisations through adversity.

Key Topics Covered

- Crisis typology — reputational, financial, operational, regulatory
- Board's role in crisis vs. management's role - clear demarcation
- Crisis communication - what boards must say and when
- Group discussion on use cases
- Building organisational resilience and continuity frameworks
- Crisis simulations - real-time boardroom decision exercise

MODULE 6	AI IN THE BOARDROOM
<p>Module Description</p> <p>This module enables Directors to understand and effectively govern the use of Artificial Intelligence at the board level, with a focus on strategy, risk oversight, ethics, data governance and regulatory readiness.</p> <p>Learning Outcome</p> <p>The programme equips Boards to make informed decisions on AI adoption, oversee management's AI initiatives, ensure responsible and compliant use of technology, and leverage AI as a strategic enabler for long-term value creation and organisational resilience.</p>	<p>Key Topics Covered</p> <ul style="list-style-type: none"> • What every director needs to know about AI - demystifying the technology • AI strategy - board-level decision framework for adoption • AI risk oversight - bias, hallucinations, data privacy, cyber exposure • Ethics and responsible AI - the board's accountability • Regulatory landscape - DPDP Act 2023, EU AI Act, global parallels • AI governance frameworks and oversight checklists for boards
